Jim, Julie, Katie, Tom and Bob Morton

Welcome to Green Mountain **RED** Angus!

It's bull sale season again! When you look back over the year everyone can see things that went right and things that might not have. That includes everything under your control and a lot of things that are not, like the weather. Thankfully the one thing you can control is your breeding and bull purchase decisions!

When reviewing your seedstock source there are several factors for consideration:

1. When you look at a bull offering does it appear consistent? In other words, does there seem to be a general direction their genetics take with a specific goal in mind. Every catalog has variety from heifer bulls to growth, as it should. But do you see a pattern that shows a goal? For instance, are EPDs improving over the years and becoming more consistent? As you will see in this catalog the indices and EPDs on these bulls are some of the best we have ever produced. When comparing to breed average, you will see that the index values (ProS, HB and GM) are significantly better than breed average. The ProS index, which is the breed's comprehensive ranch-to-carass genetic merit index lends our bulls significantly more genetic value.

2. Is technological advancement being used to measure and increase the accuracy of the genetics being offered? Is DNA and genomic testing being done? At GMRA we pull samples on every calf to verify parentage. You know when you purchase one of our bulls that there is no mistake in the pedigree. We also submit every sample for genomic testing. This assures the EPDs you see are as accurate as they can be, with genomically-enhanced EPDs being the equivalent of 3 calf crops worth of data.

3. Are feet and udder scores being taken? We have been udder scoring all cows at calving for years and as a result have made significant strides in keeping udder quality high. Long before RAAA implanted the standardized feet and leg scores which are now reported, we had our own system for evaluating feet and legs and have seen our scores improve to the point of rarely seeing a structure we don't approve of.

4. Is customer service a top priority? We pride ourselves on being there after the sale! We like to visit customers and see how our genetics are working in their herds. We also provide options for increasing value by helping with feeder calf sales and placement. Our long-time relationship with Superior Livestock sales rep, Clint Berry, offers additional resources for customers to sell their cattle on one of the largest auction platforms in the world. We are also members of an elite group called Allied Feeding Partners, which allows us the opportunity to bid on and potentially purchase customer calves. This is a great opportunity for us to see our customer's real-world carcass and gain data.

As your trusted seedstock source, we make every effort to provide our customers with not only breed-leading genetics, but data that is based on the most progressive and advanced collection methods we can. As technology progresses, we are able to more readily identify the cattle that will excel in various facets of production. Here at GMRA, we utilize everything we can to provide you with the most comprehensive and accurate data in the industry. The crew at Green Mountain Red Angus would like to thank you for putting your trust in our program. We hope you enjoy looking at the genetic packages offered in this catalog. Please reach out if you would like any additional information to help with your genetic selections. We look forward to seeing you on sale day!

Auctioneer Trent Stewart

Clint Berry

Nolan Woodruff

John Goggins

Devin Murnin

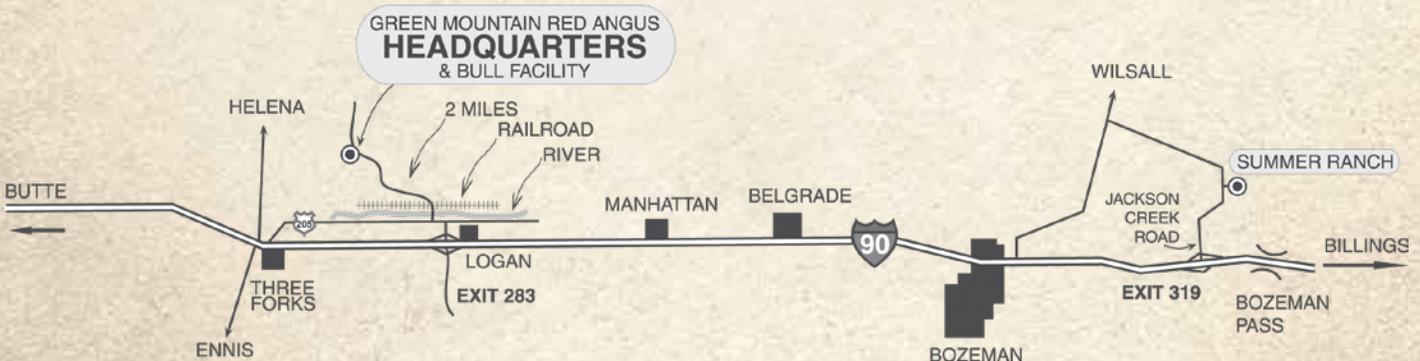

Jeff Thomas

Jay Rost

Nate Smith

Get off 1-90 at the Logan Exit, #283. Go north and take a left on the frontage road. Proceed west toward Three Forks, about 1/2 mile. Take a right onto Logan Trident Road, heading north. The road immediately crosses the Gallatin River and the railroad tracks, as shown on the map. Green Mountain Red Angus is 2 miles from the railroad tracks. Watch for the large Green Mountain Red Angus sign.

The entire GMRA herd has undergone GGP-LD testing and have genomically enhanced EPDs and parent verification.

TERMS AND CONDITIONS

1. The terms of the sale are cash unless prior arrangements have been made.
2. Each animal will be sold to the highest bidder. The person in charge will settle any disputes as to bids, and his decision on such matters shall be final.
3. Any announcement from the seller on sale day will take precedence over printed material.
4. Health certificates will be furnished for shipment anywhere in the United States.
5. Each animal becomes buyer's risk as soon as sold; but it shall be the obligation of the seller to see that animals are fed and cared for, free of charge to purchaser, until loaded for shipment or until the expiration of April 1st of the current year.
6. Retained Interest: Green Mountain Red Angus is retaining one-third revenue share interest in all bulls in the sale. We reserve the right to participate in the collection and marketing of semen. Buyers receive two-thirds interest, full possession and full salvage value. If seller wishes to collect semen for in-herd use only it will be at seller's expense and the buyer's convenience. If the buyer wishes to share in the collection costs and keep his share for in-herd use that is their choice.
7. All claims for adjustment or refund must be made in writing within six months of the sale date. In the event an animal is claimed to be a non-breeder, the Seller shall be entitled to six months' trial following the return of the animal in which to prove the animal is a breeder. If at the end of six months the Seller is unable to prove the animal is a breeder, restitution shall be made, in compliance with the terms set forth by the Red Angus Association of America. Any expenses incurred for transporting the animal shall be the buyer's responsibility.
8. Everyone attending this sale does so at their own risk. Owners, clerks or other helpers do not assume responsibility, legal or otherwise, for damages of any kind.
9. A certificate of registry and transfer will be furnished for each animal sold as a registered animal, after settlement has been made.
10. The above terms and conditions shall constitute a contract between the buyer and seller of each animal sold.

These cattle do sell in accordance with the Sale Terms and Conditions set forth by the Red Angus Association of America.

A-BAG-A-BULL

RED ANGUS
RANCH TESTED. RANCHER TRUSTED.

If you purchase a bull from us, we will provide you with credit equal to the value of one bag of Feeder Calf Certification Program or Allied Access tags for each bull you purchase. To redeem your credit, bring your receipt for the tags to next year's sale and we will apply it to your bull purchase.

The FCCP provides age, source and genetic verification for calves sired by registered Red Angus bulls. Cattle enrolled in the FCCP are accepted into the exclusive Choice+ and G.O. Red grids. The FCCP 'yellow tags' are recognized by buyers nationwide and return a premium for Red Angus calves enrolled in the program.

The Allied Access program provides age and source verification for commercial cattlemen whose bull battery does not exclusively contain registered Red Angus bulls. Whether you are utilizing multiple sire breeds or halfblood bulls, enrolling in Allied Access demonstrates to buyers that you are taking an extra step in marketing your calves and adding value throughout the production chain.

To enroll in the FCCP or Allied Access, contact the Red Angus marketing department. Enrollment is simple and free of charge.

VIEWING THE AUCTION

The auction will be broadcast online at Bid.SuperiorLivestock.com and the pre-recorded videos will also be hosted there. You do not need an account just to watch the auction or view videos of the sale offering.

ONLINE BIDDING

Go to Bid.SuperiorLivestock.com for Superior's new online bidding platform. If you have not registered there before you will need to create an account. The first time you register an account you will receive a confirmation e-mail that you must click on. Once you have completed this, select the auction you would like to bid on and click the "Request a Buyer Number" button. The first time you request a buyer number you will be sent a confirmation code via text. Enter that code in the login portal and you will receive a buyer number. This 2-step verification process will only have to be done once and in the future you will be able to simply login and request a buyer number and receive it instantly for any auction. Once you have successfully registered and received a buyer number it will show your name and buyer number on both the video preview page and the online bidding page when you are logged in. If you have an account at LiveAuctions.tv you may skip the registration process and use those login credentials to request a buyer number as LiveAuctions is a division of Superior Livestock. For more details on registering an account and also how to bid, you may watch a tutorial at Bid.SuperiorLivestock.com/how-it-works.

TURN IN BIDS OVER THE PHONE

This is Superior's traditional method of buying cattle and is the suggested process for anybody who does not have consistent, high-speed internet. You still must register an account at Bid.SuperiorLivestock.com and request a buyer number. Once you receive a buyer number you will see the bid line phone number. Just watch the auction online and call in at least 2 lots ahead of the lot you are looking to bid on. A Superior Livestock representative will be with you on the phone and will assist you in placing bids.

FOR HELP WITH REGISTRATION OR ANY PART OF THE BIDDING PROCESS PLEASE CALL SUPERIOR AT (800) 422-2117.

Watch & Bid online for FREE!

TOP DOLLAR ANGUS

The Mark of Carcass Quality

Top Dollar Angus is the first and only certification program for commercial feeder cattle focused exclusively on Angus and Red Angus-based cattle with top **25% growth and carcass traits**. The relationship between Green Mountain Red Angus and Top Dollar Angus rewards our buyers who focus on producing profitable cattle. Top Dollar works with cattle buyers and feedlots looking to purchase and feed high-value feeder calves.

Nearly 2/3 of our offering qualifies for Top Dollar Angus. Each bull represents an exclusive opportunity to purchase Red Angus that possess the Marbling genetics to qualify for premium feeder programs, while taking advantage of natural growth benefits.

“As I speak with our Top Dollar Angus Feeding partners they share that with increased cost to profit, they must have calves that they TRUST to grow quickly and efficiently, all while maintaining health and delivering high quality carcasses.

Green Mountain Red Angus continues to focus on these traits, building Red Angus cattle to meet the feeding industry’s demand.”

Nate Smith
General Manager, Top Dollar Angus

PREMIUM CALF VALUE

Easy as 1-2-3

Want MORE for your steers?

THAT'S EASY ...

1. Purchase Top Dollar Angus-qualified bulls.
2. Raise Top Dollar Angus-qualified feeder calves.
3. Pocket MORE per head!

THE RESULTS: Better performance and a documented \$84.26-per-head advantage as fed cattle!

Steers & Heifers	Top Dollar Angus		Difference
	Qualified	Non-Qualified	
Head Count	1,801	4,448	
Percentage of Head Count	29%	71%	
Average Daily Gain	4.28	3.99	0.29
Hot Carcass Weight	935	888	47
Marbling	504	471	33

DELIVERY ARRANGEMENTS & PRICING

Organization of trucking is more challenging than ever and we appreciate your understanding of our delivery policy and look forward to working with you to ensure the most effective means of transfer of ownership. Delivery arrangements and pricing are outlined below, and we encourage you to review. Please visit with Bob or Tom prior to leaving the sale if you have questions. One of them will be in contact with you within a week of the sale to coordinate delivery.

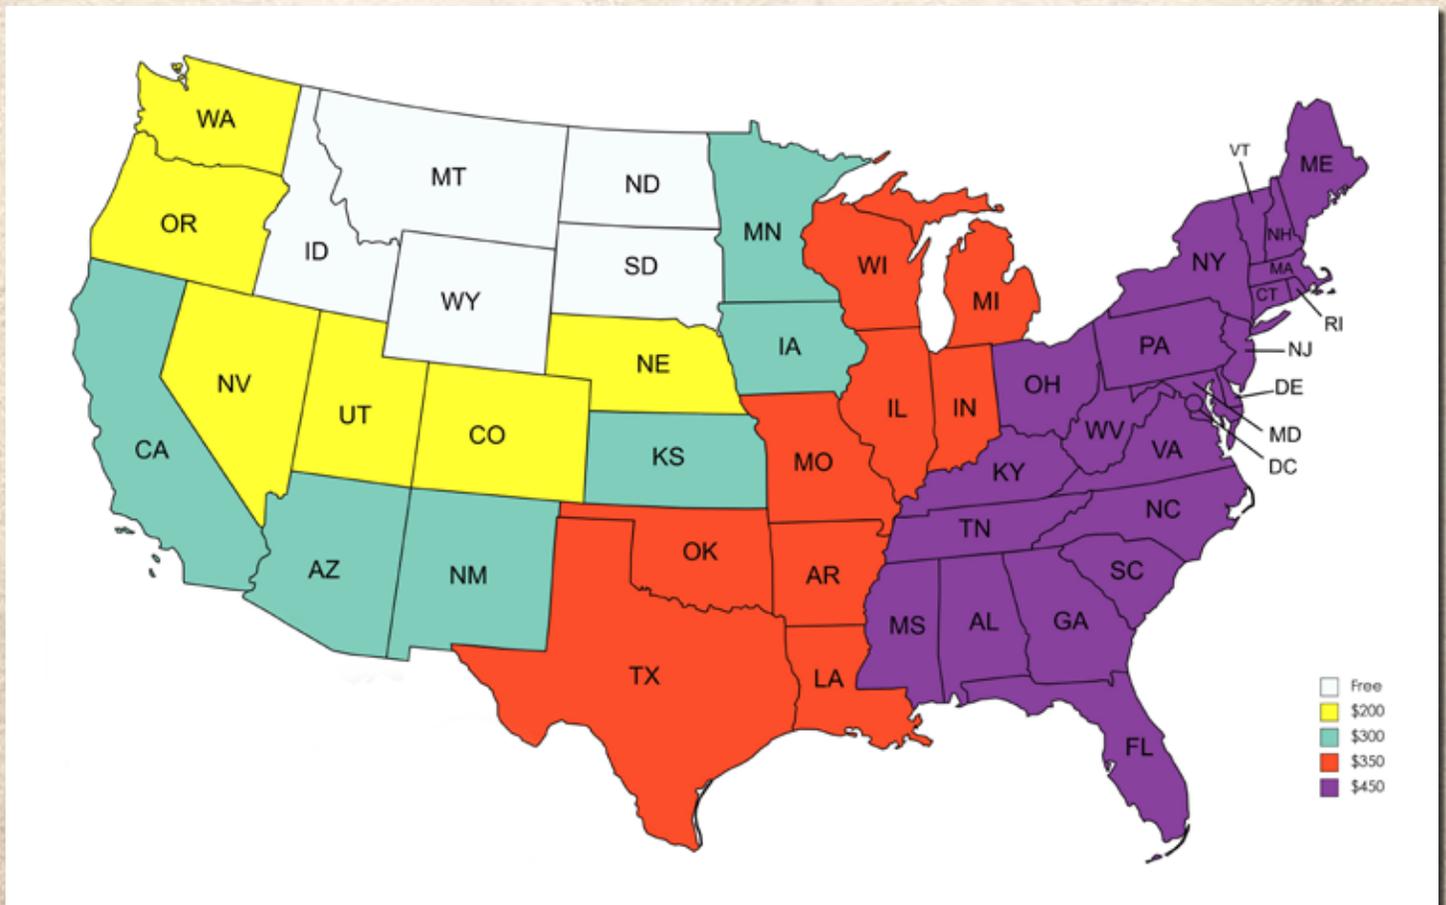

DELIVERY PRICING

We will offer **FREE DELIVERY TO CENTRAL POINTS** in Montana, Idaho, North Dakota, South Dakota & Wyoming. For all other states, delivery will be charged to **CENTRAL POINTS** on a per-head basis on the pricing outlined on the map below. **Pricing will be charged based on your physical address.** Delivery charges will be added to each invoice at check out, unless you plan to load out within 7 days of the sale.

CENTRAL POINTS

All delivery will be organized to **CENTRAL POINTS** within the state. Delivery WILL NOT be organized to your home or ranch. Loads are delivered by semi-truck and require drop off points along their route with a loading chute and location to house livestock. You are expected to meet the semi-truck driver at the central drop-off point as communicated by them. Central points for delivery include auction barns, vet clinics and other locations determined by the semi-truck driver at the time of delivery. Pricing to these central points will be charged to you based on your physical address. The driver will be given your contact information and will communicate with you regarding the drop-off time and location.

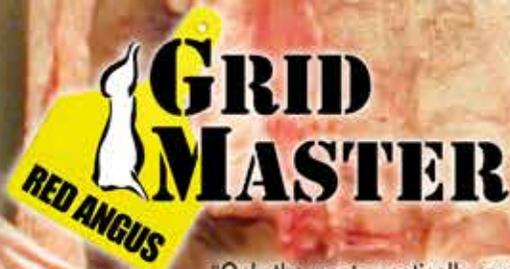

Thank you for your cooperation in arranging delivery dates and the pick up of your cattle at central delivery points within your state. This will keep the cattle from being on the semi-truck longer than necessary and will help to get your animals to you with the least possible stress and in the best possible condition. Please let us know if you have any questions.

Proven performance

in the breeding pasture, on the grid and on the rail!

Green Mountain Red Angus customers are realizing top performance and profitability through FCCP, Top Dollar and multiple value added programs!

"Only the most genetically capable cattle have the ability to produce carcasses that meet the Grid Master requirements, making this an exceptionally prestigious award."

In Recognition of Outstanding Carcass Achievements presented to:

Green Mountain Red Angus

On July 30, 2020 at the Superior Video Royale for Outstanding Achievements produced with Red Angus Genetics and Marketed through the Red Angus Exclusive Grid.

Feed Yard: Dare Feedlot - Corad, NJ
 Producer: Circle Pi Ranch - Managed By Troy Olson

Harvest Date	Number of Head	% Choice	% Prime or Premium Products	% VG 1's and 2's	% YG 4's & 5's	Grid Score
7/6/2020	89	95.5%	42.7%	52%	10%	113

- The prestigious Grid Master was awarded to Circle Pi Ranch and Troy Olson, fed by Allied Feeding Partners of which Green Mountain Red Angus is a shareholder, and all cattle fed were single-source genetics from GMRA.
- Circle Pi & Troy have purchased 110 GMRA bulls since 2008 and GMRA is their only genetic source.
- Circle Pi & Troy are Top Dollar Angus customers and 75% of GMRA bulls sold every year qualify for Top Dollar Angus.

Lot 1

This heifer bull leading off the sale delivers on all fronts. Personal performance ranks him right at the top with his power-bull counterparts. He is tied for the #2 WR, and WDA ratio, as well as tied for the #3 YR. The number set is as solid as it gets with ProS and GM in the top 21% or higher, defining the well-balanced EPDs across the board. How many heifer bulls can you find with 13 EPDs in the top 26% or higher, including all growth numbers? The young dam is out of the performance-minded Lakota cow family, posting a 107 MPPA. At evaluation time he received top marks for length, depth, capacity and thickness. He has a small head that leads into a smooth shoulder and flows into a beautiful muscle pattern.

Where's the money Lebowski? It's right here! This bull has been a standout since birth. His personal performance is second to none with the following class rankings: #1 actual and adjusted WW, #1 actual and adjusted YW, #1 post-weaning ADG and WDA, tied for #2 actual and adjusted REA, tied for #5 actual IMF. And he does all that with a 75# start! Now look at the number set. All indices rank in the top 14% of the breed or higher and there are 10 numbers total in the top 10%. What's even more impressive is having 17 out of 19 numbers in the top 52% or higher – WOW! He is out of a first-calf heifer with a promising future, already posting a 104 MPPA. Notes at phenotypic evaluation are impressive – STOUT, wide body, broad. He ranked well above average for length and thickness and received the top ranking of all bulls for capacity. He also turned in a nice set of feet and leg evaluations. If you want to put on pounds and turn up the performance while posting an absolute breed-leading number profile, this is your bull!

Captain has been a standout since he hit the ground. He is very attractive-made with extra length and thickness and great feet and leg structure. He has a broad, straight top carrying a smooth, yet well-defined, muscle pattern all the way through to a broad chest floor. Numbers are strong with growth indicators all in the top 10% of the breed or higher. His 2% REA matches up nicely with a 119 REA ratio that is tied for #1 in the offering. The maternal pedigree is strong with the 3 immediate generations posting MPPAs of at least 100. His dam has a 102 on 5 with an average WR of 103 and an average YR of 105. There is a great combination of phenotype, personal performance, numbers and maternal power.

Lot 4

There is so much potential in this King James son. He has stood out from the crowd whether on summer pasture or on bull test. He comes from a proven dam with a 108 MPPA on 7 calves with all being retained. She has an average WR of 110 and an average YR of 106 and has never ratioed a calf under 100 for either. He posts the #1 Milk EPD in the offering. Personal performance is top-notch with an ADG ratio of 106 and a WDA of 110 and the #4 WW ratio of the class. Growth numbers drive the bus with all indicators in the top 3%. Carcass stays strong, including a top 2% CW and REA. All of this is in an extremely attractive package with excellent feet and leg structure. Look for extra length and abundant capacity with a smooth muscle pattern and a great disposition.

Here is a simply outstanding King James x Tesla combination. The moderate birthweight combines nicely with a top 24% CED. He kept an eye toward performance, turning in outstanding growth through yearling, and is tied for the #5 post weaning ADG with a 116 ADG ratio and 106 WDA. Ultrasound scans read beautifully and confirm top 11% Marbling and REA. Growth and carcass blend with a nice maternal number set with all but 5 EPDs in the top 40%. His dam is a first-calf heifer and posts an MPPA of 102. Generations of maternal performance back her up, with MPPAs ranging from 101 to 107 going back 6 generations. He is moderately built but is very stout with abundant capacity and thickness and has a nice disposition.

This Game Changer son had one of the most impressive evaluations in the class. He is stout-made, yet smooth and well put together with a large rear quarter. He earned top marks for length, capacity and thickness and turned in great feet and leg scores. All indices rank in the top 16% or higher leading off an impressive set of EPDs. All but 5 are in the top 39% of the breed, showcasing extreme growth, powerful carcass and top-notch maternal. He posts a REA ratio of 119 that is tied for #1 in the class. There is an impressive maternal lineage with MPPAs ranking from 101 to 112, going back to a 1989-born dam. His dam posts a 105 on 6 with a below average BW ratio. She has an average WR of 107 and an average YR of 103 with all progeny retained, and an average REA of 106 on 4 bull calves. This bull has everything you need to sell pounds at weaning, perform on the rail, and keep replacements.

There is a lot to pay attention to on this heifer bull. He is smooth-made with a ton of eye appeal and extra length. All indices are in the top 22% of the breed and is tied for the #4 HB. Calving ease is prevalent with a CED and CEM that are tied for #1, and the lowest BW EPD in the offering. Even with the low personal birthweight and the numbers to prove it, he turned in a 109 WR! He has an impressive 126 Marb ratio and the #1 Marb EPD. He is out of a first-calf heifer with a 104 MPPA. There's not much left to chance here!

Wow! This bull combines performance, phenotype, genotype and maternal all into a well-muscled package with extra length and thickness. The combination of the calving ease Excellence bull with the performance-minded and densely-muscled Heavily Armed bull is the result you see here. 13 numbers, including all indices, are in the top 44% of the breed or higher, with an emphasis on growth and carcass. He turned in a 119 REA ratio which is tied for #1 in the offering. He is out of a first-calf heifer already posting a 105 MPPA and the maternal line backs up that production with 3 more generations ranging from 101 to 105. Phenotypic evaluations read: really nice bull, good muscling with extra length and thickness. All of this sits on a structurally sound set of feet and legs.

This bull is a growth specialist with a top 1% WW & YW EPD and a 2% ADG EPD, which all rank near the top of the class. He is a maternal half-brother to GMRA Investment 1217J, who sold to Brad Schecher, of Bison, SD, for \$18,000, and is being used as an AI sire here at GMRA. The dam is proving to be a top producer for us and looks to be following in the footsteps of a very impressive maternal pedigree, featuring top-notch MPPAs going all the way to a 1957-born dam posting a 106. His marks at evaluation are comparable to Investment with ample depth, capacity and thickness. He has a straight, broad top, is smooth and very well put-together with a square rear quarter and abundant eye appeal. All feet and leg scores were 5's which is ranked as ideal.

This bull took a nice moderate birthweight to a 105 WR and kept on going through test, posting an ADG ratio of 108. The number package is phenomenal with 16 in the top 45% of the breed or higher. The REA is in the top 9% pairing nicely with a REA ratio of 103. Maternal power is there with his first-calf heifer dam posting a 102 MPPA. The granddam and great granddam have MPPAs of 101 and 104, respectively. Upon evaluation he posted a trio of perfect feet and leg scores and shows extreme capacity and thickness. This bull is as complete as it gets.

This bull's dam, with a 106 MPPA on 7 calves, is one of our top bull producers. Her sons always bring top dollar, selling to some of our most progressive commercial cattlemen. This Game Changer son will be no exception. He is all about performance and is tied for the #3 actual YW and YR. He is also tied for the #5 ADG, WDA and IMF ratios, 116, 111, and 132, respectively. His evaluations read: nice top, square quarter, good disposition. On top of all that he received a set of 5's across the board, meaning ideal for all feet and leg scores. Category II due to black pigment.

Here is a heifer bull that knows how to keep performance at the forefront. He is tied for the #2 CED and has the #3 BW EPD in the offering, yet is still in the top half of the breed for weaning. The number set has highlights for carcass, Stay and Milk. Of all GMRA bulls he has the #4 actual and adjusted REA and the #5 REA ratio. His dam has an impressive 106 MPPA on 7 with an average WR of 108 and YR of 104 with all calves retained. She followed right in the steps of her dam who posts a 108 MPPA on 8 with an average WR of 109 and YR of 106 with all retained. This bull received top marks for length and depth of rib and was ranked with three 5's showing feet and leg structure to be ideal. He is a beautiful cherry-red with a straight, broad top and has a calm disposition. He will provide calving ease with performance and great replacements.

The youngest bull in the offering did a great job of keeping up with his contemporaries. Outstanding personal performance matches up to breed leading growth numbers. He is a product of the high-performance Ophelia cow family. His dam posts 4 calves with a MPPA of 102, an average YR & YR of 103 with all calves retained, and an average REA ratio of 103 on 2 bulls. You have to go back nearly 40 years before you find an MPPA in the direct lineage under 101. This bull is smooth-made, with a ton of capacity and outstanding marks for feet and leg structure.

Performance and productivity will drive the bottom line and this bull can do it! He turns in outstanding performance with the #1 YR and ADG ratio of 126. He is tied for the #2 WDA ratio of 113. His on test ADG as of mid-test sits at #4. The numbers fall right in line with single digit growth, top-notch carcass and abundant Milk. His young dam comes from a long line of maternal power, going back to a 1956-born dam before you find an MPPA under 100. She looks to be following in the steps of greatness with a nice MPPA of 104 on 2. Phenotype is all there, with abundant length and capacity a straight, broad top and a nicely defined rear quarter. Feet and leg scores all hit the ideal mark.

Bridger Chambers, professional steer wrestler and all-around good guy, sponsored by Green Mountain Red Angus

Light birthweight + growth through weaning = first-calf heifer success! The numbers back up the performance, with breed-leading birth numbers, including a BW EPD in the top 4%. Here is a true curve-bender with low birth leading into top-end growth. Look for above average capacity and abundant thickness and a nice feet and leg structure.

This bull was on the leading edge of performance at weaning time here at GMRA. He tied for the #1 actual WW and has the #2 adjusted and is tied for the #2 WR of the class. 10 of his numbers are in the top 28% of the breed with standouts across the board from growth to maternal to carcass. His dam has an impressive 106 MPPA on 8. All calves have been retained with an average WR of 108 and an average YR of 104. Both of her bull calves have ratioed well above 100 for both IMF and REA. This bull shows abundant length and capacity.

Growth numbers are in the single-digit percentiles while keeping birth in the top 30% and all carcass in the top 13%. Calves will hit the ground nice and easy and go on to perform through yearling. His young dam already has a 104 MPPA. Sell them at weaning, retain through the feedlot or keep as replacements. This bull leaves your options open.

CW EPD is in the top 1% and is tied for the 2nd highest in the offering. Outstanding weaning and yearling ratios lead to a 109 ADG and a 106 WDA ratio. Dam has an MPPA of 100 on 7. Look for extra length and thickness with an excellent feet and leg structure.

This Foreman x Make It Easy combination checks all the boxes. He carries a top-notch set of numbers with an emphasis on growth and carcass. This pairs up nicely with his top-end yearling weight performance. He has the highest actual and the #4 adjusted of all GMRA bulls, leading to a YR tied for #5. His post-weaning growth ratios are at the top of the class, with the #3 ADG and WDA ratios at 119 and 109, respectively. Extra length, a nice set of feet and legs and a gentle disposition round out the package.

Here is the #1 actual, adjusted and IMF ratio in the offering! There's not much left to chance here. A nice moderate birthweight leads to extreme growth including an ADG ratio of 107 and WDA ratio of 105. Seven profit driving EPDs are in the top 10% or higher, including a top 2% GM that sits at #4 and the #5 Marbling on test. His first-calf heifer dam is posting a 103 MPPA and is backed up by the highly productive Ophelia cow family with MPPAs as high as 109 within the first 5 direct generations. His straight, broad top flows smoothly into a clean front end. Look for extra length and a calm disposition.

If you're looking for a power bull, look no further. This Heavily Armed son packs a punch, with ratios of 114 across the board including ADG and WDA, giving him the #5 WR, #2 YR and #1 WDA ratio of all bulls on test. His numbers are profit-driven with top-notch gainability and REA. One look at his phenotype and you see abundant depth, capacity and thickness with a solid bone structure and a smooth stride. His young dam is posting a 104 MPPA on 2.

This bull has one of the most consistent sets of numbers from top to bottom in the sale. 15 are in the top 42% and only one of his numbers is out of the top 63%. That is quite a feat to post 18 of 19 numbers in the top two-thirds of the breed! Growth stays on the incline through test with an ADG ratio of 107. His maternal pedigree keeps an eye towards performance with the first 4 immediate generations ranging from 100 to 108 MPPAs. He has a great disposition, with a nice set of feet and leg scores and carries extra capacity.

This Rebel son is all about performance. He has the #3 actual WW, #4 actual YW, and is tied for the #4 WDA of all bulls on test. There is plenty of growth in the numbers with all markers in the top 7% of the breed or higher. There is also maternal strength with a HB index tied for #4 and a top-notch Milk, HPG, CEM and Stay. His young dam is already posting a 104 MPPA on 2. Comments at evaluation were: good bull, solid, rear quarter plus. And he turned in a perfect set of 5's for feet and leg structure.

Curve-bender is what comes to mind when you look at this bull's stats! His performance from birth to weaning matches a set of birth and growth EPDs in the top 23%. Overall, he has a full 2/3 of his numbers in the top 45% with all but 2 in the top 72%. There are high points all throughout his profile and he is tied for the #1 YG. He has that classic heifer bull look – very streamlined with a small head and smooth shoulder. All feet and leg rankings were classed as ideal with 5's across the board.

Heifer bull deluxe with a CED and BW in the top 2% and 3% of the breed. He is tied for the #5 lowest actual birthweight and has one of the lowest BW EPDs of all bulls on test. And his GM is in the top 5% and he qualifies for Top Dollar! The maternal side is strong with a 102 MPPA following 4 maternal generations of MPPAs from 101 to 105. He showcases extra capacity and great muscling with a thick rear quarter.

This bull is all about performance, from personal data to EPDs to phenotype. He has shown consistent weight gain from weaning all the way through test, posting both an ADG and WDA ratio of 109. His REA ratio is 118 that sits at #4 in the class and he has the #3 actual and adjusted REA scan. His dam posts an MPPA of 104 on 4 with an average WR of 105, YR of 103 and an average IMF ratio of 107 and REA of 108. He is solid-made with plenty of capacity and a sturdy bone structure with great feet and legs.

All profit drivers of growth are in the top 1/3rd of the breed, while calving ease numbers stay in the top half. He is tied for the #4 Milk in the offering. His young dam has a high performance MPPA of 106 on 2, with an impressive average WR of 111 and an average YR of 108 on both progeny. He sits on a solid foundation, ranking as ideal with all 5's for feet and leg structure.

Just look at the phenotype on this Brunswick son! When standing in the pen one of the first things you notice is his broad hip and heavily-muscled rear quarter. Extra length and capacity sit under a straight, broad top. Marks of 5 across the board give him an ideal set of feet and legs. He has a top-notch set of numbers with 11 in the top 16% or higher, with standouts from growth to carcass and maternal. He is tied for the #3 ProS, has the #2 HB, a Stay tied for #3 and a YG tied for #1 in the class. He also posts the #1 REA EPD in the offering and has the #1 actual and adjusted REA and the #5 REA ratio. His young dam is off to a great start with an MPPA of 100 on 2. Please note that he is a 1-B.

Marbling data is on point. He turned in the #4 actual and adjusted IMF, along with an IMF ratio of 124. His Marbling EPD sits in the top 1% of the breed and is #3 in the offering. His dam is starting out right with an MPPA of 105 on 3. She has an average WR of 107, has never weaned a calf under 105 and has an average IMF of 113 on all 3 progeny. At evaluation time he received marks for extra length and thickness and a great set of feet and legs.

This Domain son is complete from structure to maternal to personal performance and EPDs. His number set is strong with breed leaders in all categories from growth to carcass and maternal, including top 36% indices. His dam has an impressive MPPA of 107 on 6 with all calves being retained. She has an average WR of 109 and has never weaned a calf under 103. Many of her bulls have gone on to represent GMRA in registered herds across the country. Look for abundant thickness and a great set of feet and legs on this very well put-together calf.

There is quite a number package here with 14 numbers in the top 35% of the breed or higher, including all carcass. ProS and GM are leading the pack in the top 19% and 15%, respectively, proving out a solid, stable set of numbers. His dam is out of the great Ophelia cow family and is following in her matriarch's footsteps with an MPPA of 103 on 3. A perfect set of 5's score feet and leg structure as ideal.

This bull has continued to gain on the fast track all through test. This gives him the #2 ADG ratio of 125, with the #2 actual ADG on test. Numbers fall right in line with all growth indicators in the top 9% or higher. Maternal power is there as well, and you see MPPAs ranging from 101-104 going back several generations. Notes from evaluation read: Darn good bull, straight square top, great disposition.

Here's a great combination of performance and carcass. Profit drivers are all in the top quarter of the breed and most are in single digit percentiles. He turns in the #3 GM, the #4 Marbling in the class. He carries extra length and has a nice disposition. His dam has been a consistent producer with an MPPA of 101 on 6 with all progeny being retained.

This is a very complete package, from moderate birthweight to performance and a top-notch REA ratio. Maternal is all there with a top 9% HB index and a Stay EPD at 1% that sits at #1 in the class. His dam is a first-calf heifer with a ton of potential. She has a 102 MPPA and is out of a dam with an impressive 110 with an average WR of 112 and YR of 107. All of her calves have weaned at 106 or higher and all progeny has been retained. Carcass is strong with a top 2% YG, 5% REA and 24% Fat and Marbling. Visual appraisal provided top marks for depth, capacity and thickness. He's a very attractive bull with a nice broad top and a square rear quarter with a great feet and leg structure.

This bull's picture says it all. He is just an extremely solid bull with a straight, broad top with extra capacity and a square rear quarter. He sits on a great set of wheels with three 5's, ranking ideal for feet and leg structure. His dam is a solid producer here at GMRA with a 105 MPPA on 9 calves and a stay in the top 45%. Very relevant for a 12-year-old dam. She has consistently produced performance with an average WR of 105 and an average YR of 108.

Don't let these Brunswick sons pass you by. They have all the style and function of their sire. This bull carries extra capacity, a great feet and leg structure and has a nice disposition. His numbers are impressive with all indices in the top 20% and standouts across the board. He has the #3 HB and is tied for the #3 Stay. His maternal pedigree shows multiple MPPAs over 100. He posted a 115 REA ratio, turned in the #3 adjusted REA and is tied for the #3 actual and has the #2 REA EPD. If you are looking for a power bull to breed up cows, perform on the rail, and provide you with replacements, look no further.

Here is a night calver's dream. Get 'em on the ground without sacrificing numbers. They are solid across the board with 11 EPDs in the top 12% of the breed or higher, including a CED tied for 5th in the class, and all but 3 in the top 46%. His maternal pedigree includes a granddam with a 108 MPPA on 9 and those stay over 100 all the way to a 1963 born dam with a 105.

One of the reasons we like the Heavily Armed sons so much is the powerful phenotype. Just like his paternal sibs, he gets top ranks for capacity and thickness. He has a super square top with a broad chest and a well-defined muscle pattern. A great disposition rounds out the package.

This bull's growth has excelled on through yearling, with a post weaning ADG ratio of 116, which is tied for 5th in the group. Overall, his birth and growth numbers are in the top 37% of the breed – calving ease without sacrificing performance. A well-balanced set of carcass numbers round out the package. This bull has tons of eye appeal with above average depth, capacity and thickness. He can start in the replacement pen and go on to breed mature cows.

Look for extra length and capacity in this ET brother to Lots 59 & 81. His genomic testing elevated his parental averages and he now shows all but 3 EPDs in the top 60% of the breed! Growth, maternal, carcass – there is nothing left out! As an ET calf he received no growth ratios, but he is sitting on the #2 actual WW and YW in the class, and the #3 adjusted WW and WDA.

The Heavily Armed sons always have that mature, power look, with a great muscle pattern and a powerfully muscled rear quarter with plenty of depth and capacity. The combination with the Trilogy dam provides power numbers to go with the phenotype. He is a growth and carcass specialist with the #2 WW EPD on test, has the #4 YW and CW, is tied for #4 ADG and has the #5 REA. He posts an ADG ratio of 115 and is tied for the #5 actual ADG on test. Performance = Profit!

If you sell calves at weaning, here is your bull. All but 5 EPDs are in the top half of the breed with an emphasis on growth and carcass. He has the #4 YG EPD in the class and has the #3 REA. He showcases extreme length and thickness with an ample rear quarter with great muscle expression. Overall nice calf with a calm disposition.

This Domain son is out of the highly performance-minded Estonia cow family. His dam has an MPPA of 100 on 3, and follows generations of 100 or higher going back to a 1977 born dam. All indices are in the top 24%, as are growth numbers with a CW at 1% leading the way. At evaluation he received top scores for depth, capacity and thickness, and showed great feet and leg structure.

This bull goes back to an older dam that stayed with us until she was 11. She posts a 99 MPPA, which sounds average, which it is, but it was on 9 calves, and they all remained in the herd or went on to the bull sale. Both her average WR and YR were at 99 and that is the type of solid dam that always produces. This bull has a consistent number set with 16 in the top half of the breed.

This heifer bull posted an ADG ratio of 105 and has an impressive 18 of 19 numbers in the top two-thirds of the breed. He received above average marks for length, capacity and thickness. He has a great topline leading into a smooth shoulder and a broad chest floor. Very attractive package.

PARAMOUNT

Authenticate your Red Angus genetics.

Now is a paramount time to verify your genetics in the Feeder Calf Certification Program. The Red Angus Live Animal Specification, recognized by the USDA, acknowledges Red Angus are genetically Angus and meet requirements to be included in many Angus branded-beef programs.

Capitalize on Red Angus-based opportunities.

RED ANGUS
RANCH TESTED. RANCHER TRUSTED.
