Welcome to Green Mountain **RED** Angus!

What a year! We have seen incredible sales stats, from feeder cattle to breeding stock. All indicators are saying that this market should remain steady. Consumer consumption has statistically remained the same throughout the last year, even with the increase in pricing. Demand for quality beef is strong!

Many of you have been involved in the Red Angus Feeder Calf Certification Program (FCCP) and we have always offered 'A-Bag-A-Bull.' The FCCP Program has officially been rebranded as Angus Access, utilizing 840 EID tags, rather than the yellow dangle tag.

Angus Access reflects a bold evolution of the beef industry's first genetic, age and source verification program (FCCP) – built to USDA-approved standards. In a marketplace that is increasingly adopting private labels and case-ready beef solutions, Angus Access equips Red Angus producers to meet that demand by offering the traceability, verification and data integrity desired today. It is a deliberate move to position Red Angus producers for success in the evolving landscape of beef production and retail.

RAAA is committed to ensuring a smooth transition for current FCCP customers. Previously purchased dangle or combo tags are valid through July 1, 2027; however, beginning Jan. 1, 2026, 840 EID tags will become the only program-compliant tags issued for both Angus Access and Allied Access. This shift to EID technology is designed to improve traceability, reduce tag loss and meet the evolving requirements of domestic and export markets. It enables automated reading and data collection throughout the production chain, minimizing the need for manual visual reads at the backgrounder, feedlot and processor.

The level of transparency enabled by EID technology is increasingly expected in vertically aligned beef supply chains. Programs that deliver verified, transparent production practices not only help meet the requirements of processors but also improve consumer trust. Studies show that programs backed by transparent production practices can increase consumer favorability by more than 80%, boosting brand loyalty and repeat purchases. Angus Access rebrand will position Red Angus producers at the forefront of a more transparent, data-informed and retail-connected beef industry.

The crew at Green Mountain continues to work hard promoting our customers' cattle. We have always encouraged participation in FCCP. The move to Angus Access supports broader industry efforts to secure recognition of Red Angus cattle within Angus-branded beef programs and will position Red Angus producer's participation in premium markets. Our partnerships with Superior Livestock, Allied Feeding Partners, and Top Dollar Angus continue to allow us to provide marketing options and opportunities.

We would like to thank you for putting your trust in our program. We hope you enjoy looking at the genetic packages offered in this catalog. Please reach out if you would like any additional information to help with your genetic selections. We look forward to seeing you on sale day!

Get off 1-90 at the Logan Exit, #283. Go north and take a left on the frontage road. Proceed west toward Three Forks, about 1/2 mile. Take a right onto Logan Trident Road, heading north. The road immediately crosses the Gallatin River and the railroad tracks, as shown on the map. Green Mountain Red Angus is 2 miles from the railroad tracks. Watch for the large Green Mountain Red Angus sign.

All lots have undergone GGP-LD testing and have genomically enhanced EPDs and parent verification.

TERMS AND CONDITIONS

1. The terms of the sale are cash unless prior arrangements have been made.
2. Each animal will be sold to the highest bidder. The person in charge will settle any disputes as to bids, and his decision on such matters shall be final.
3. Any announcement from the seller on sale day will take precedence over printed material.
4. Health certificates will be furnished for shipment anywhere in the United States.
5. Each animal becomes buyer's risk as soon as sold; but it shall be the obligation of the seller to see that animals are fed and cared for, free of charge to purchaser, until loaded for shipment or until the expiration of April 1st of the current year.
6. Retained Interest: Green Mountain Red Angus is retaining 50% revenue share interest in all bulls in the sale. We reserve the right to participate in the collection and marketing of semen. Buyers receive 50% interest, full possession and full salvage value. If seller wishes to collect semen for in-herd use only it will be at seller's expense and the buyer's convenience. If the buyer wishes to share in the collection costs and keep his share for in-herd use that is their choice.
7. All claims for adjustment or refund must be made in writing within six months of the sale date. In the event an animal is claimed to be a non-breeder, the Seller shall be entitled to six months' trial following the return of the animal in which to prove the animal is a breeder. If at the end of six months the Seller is unable to prove the animal is a breeder, restitution shall be made, in compliance with the terms set forth by the Red Angus Association of America. Any expenses incurred for transporting the animal shall be the buyer's responsibility. Credit to be utilized on a single lot and will expire within a year of sale date. If bull is utilized for the first breeding season, credit will be extended on a prorated basis, based on a 4-year breeding life span.
8. Everyone attending this sale does so at their own risk. Owners, clerks or other helpers do not assume responsibility, legal or otherwise, for damages of any kind.
9. A certificate of registry and transfer will be furnished for each animal sold as a registered animal, after settlement has been made.
10. The above terms and conditions shall constitute a contract between the buyer and seller of each animal sold.

These cattle do sell in accordance with the Sale Terms and Conditions set forth by the Red Angus Association of America.

VIEWING THE AUCTION

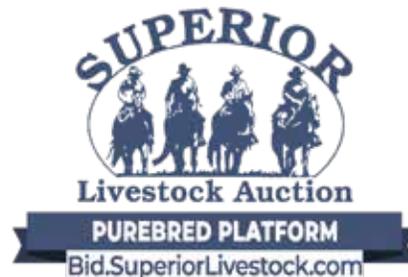

The auction will be broadcast online at Bid.SuperiorLivestock.com and the pre-recorded videos will also be hosted there. You do not need an account just to watch the auction or view videos of the sale offering.

ONLINE BIDDING

Go to Bid.SuperiorLivestock.com for Superior's online bidding platform for bull sales. If you have not registered on the site before, you will need to create an account. The first time you register you will receive a confirmation e-mail that you must click on. Once you have completed this, select the auction you would like to bid on and click the "Request a Buyer Number" button. The first time you request a buyer number you will be sent a confirmation code via text message. Enter that code in the login portal and you will receive a buyer number. This 2-step verification process will only have to be done once and in the future, you will be able to simply login and request a buyer number and receive it instantly for any auction. Once you have successfully registered and received a buyer number it will show your name and buyer number on both the video preview page and the online bidding page when you are logged in. If you have an account at LiveAuctions.tv you may skip the registration process and use your LiveAuctions.TV username and password to login. LiveAuctions.TV is a division of Superior Livestock.

For those who do not have consistent high-speed internet, phone bidding services are available upon request. If needed, a Superior Livestock representative will be with you on the phone to assist you in placing bids. To inquire about phone bidding services, please call our office at (800) 422-2117.

FOR HELP WITH REGISTRATION OR ANY PART OF THE BIDDING PROCESS PLEASE CALL SUPERIOR AT (800) 422-2117.

What is Top Dollar Angus?

Top Dollar Angus is the beef industry's leading genetic verification and marketing assistance company for commercial feeder cattle. We focus exclusively on Angus- and Red Angus-influence cattle ranking in the Top 25% for growth and carcass traits.

Our focus on these traits is driven by the needs of our feeding partners. In today's marketplace, cattle feeders must know the cattle they buy will stay healthy, grow quickly and efficiently, while also delivering high-value carcass traits. Top Dollar Angus verifies cattle with Top 25% genetics, presenting feedlots with a product they can trust.

The relationship between Green Mountain Red Angus and Top Dollar Angus rewards our buyers who focus on producing profitable cattle and provides them with the genetics to be successful in today's marketplace. Top Dollar Angus magnifies that success by connecting Top Dollar Angus feeder calves with our ever-growing network of feeding partners.

"The Morton Family at Green Mountain Red Angus exemplifies the term 'customer-oriented.' A perennial 'Top 5' Top Dollar Angus Seedstock Partner, they have the highest customer utilization: bulls sold ratio of any Seedstock Partner. They truly are a powerhouse when it comes to making sure their customers are taken care of."

Nate Smith, General Manager
(620) 546-4839 • nate@topdollarangus.com

How Do I Enroll?

Learning more about Top Dollar Angus Feeder Partnership enrollment is simple.

1. Contact a representative listed below via phone or email. Please share your phone number and email address.
2. Answer a few questions about your operation's background including bull suppliers and, if available, registration numbers on bulls used in your herd.
3. Submit any of the following for a free genetic evaluation.
 - **Registration Numbers** – A five- to seven-year history with more years preferred. Many seedstock breeders can help supply this information.
 - **Commercial DNA test** such as:
Igenity Beef by Neogen
GeneMax or Inherit by Zoetis
 - **Recent carcass data on your cattle**
4. Submit your information for review. After your evaluation, we will notify you about your cattle's qualifications and ranking or be able to advise you on adjustments and improvements you can make to qualify.

This bull catches your attention every time you walk in the pen. He is just an absolute powerhouse, from extra length to tons of capacity and spring of rib to a thick, deep rear quarter. His personal performance and numbers set him apart as an absolute curve-bender. His growth accolades put him in the top rankings of the DDRA class. He has the #3 adjusted WW and WR, #1 actual and adjusted YW and YR, and the #1 actual weight gains and ratios for ADG and WDA. His ADG ratio sits at an impressive 134! EPDs are breed-leading with 2 indices in single digit percentiles, top 1/3rd BW and CED and top 1% growth. All carcass profit drivers sit in the top quarter of the breed or higher. His young dam is currently posting a 104 MPPA. This is as close to a 'no-holes' bull as you will find!

When this bull walked in for his phenotypic evaluation everyone paid attention! Comments: thick and deep rear quarter, straight top, masculine fronted, expressive muscle pattern, extra length, capacity and heart girth. All of that sits on top of a perfect set of feet and leg marks and he strides out nicely. Performance is top-notch culminating with a 117 ADG and 111 WDA ratio. He posts the best actual YW and 2nd highest adjusted YW, actual WW, and ADG of the GMRA class. His EPD profile just hits it on all fronts with single-digit percentiles throughout and only four numbers that are not in the top half of the breed. His maternal pedigree is strong with the first five generations posting MPPAs up to 105 and a dam with a 104.

This may just be the most impressive Investment son we've ever raised! He is an absolute powerhouse with a broad top that carries down through extra capacity, depth and thickness and a broad chest floor. There is a smooth, yet powerful muscle pattern sitting atop an excellent set of wheels. A perfect BW leads to standout growth that calculates to a 112 ADG ratio. The number profile shows a strong set of rankings with all growth indicators at the very top of the breed, while carcass stays very strong, as do maternal numbers. The maternal pedigree is full of performance-minded females, including the dam of GMRA EBV 266 and MPPAs all 100 or higher for 50 years! The dam is currently 105 on 3 calves, with an average WR of 107. Her first calf was chosen out of the replacement pen as the pick of all bred and open heifers in our 2023 Big Sky Elite sale. Maybe you really can have it all!

Here is a really nice, well-made heifer bull that kept an eye towards performance. Growth continued to accelerate throughout test, giving him an ADG ratio of 111. His dam is a first-calf heifer posting a 102 MPPA. Numbers are as solid as it gets with only four that fall out of the top 50% of the breed. Curve-bender status applies with an impressive birth to growth spread. Carcass is all there as well. You will be able to start in the heifer pen and then move him onto the mature cows without sacrificing a thing.

Here is an impressive Checkmate son backed by the maternal power of Tesla. For a growth bull, he is smooth-shouldered yet has extra capacity and length with great spring of rib. He received perfect scores for all feet and leg evaluations. His dam has an impressive MPPA of 107 with an average perfect WR of 109 and average YR of 108 on 6. His personal performance ranks him at the top of test where he is tied for the #4 actual WW in the offering. All of this includes an impressive number set with single-digit percentile growth and top-notch carcass.

This moderate Jumpstart son is a great cross with the King James maternal side. A low birthweight doesn't repress the masculinity and power. Look for extra length, depth of rib and thickness with a broad chest floor. He is out of a first-calf heifer that is a product of the high-performance Larkaba cow family. The granddam has an impressive 107 MPPA with an average WR of 108 on 9 and average YR of 104 on 8. There are standouts throughout the number profile.

This bull's experienced Peacha dam did it again, producing a top-notch performer. At weaning time, he turned in the #2 adjusted WW of over 700# leading to the #3 WR. He also went on to turn in the #3 WDA of all bulls on test. Single-digit percentile ProS and HB lead to a top 1% Stay which is the best in the offering. Growth, Marbling and REA all stay in the top quarter of the breed or higher. A perfectly scored set of feet and legs rounds out a tremendous growth opportunity.

This bull is solid with an expressive muscle pattern, yet smooth-made. There is plenty of rib shape to complement the extra length and abundant rear quarter. His personal performance tells the tale with the #1 actual WW and the following sitting at #2 in the DDRA class: adjusted WW and WR, actual and adjusted YW and YR, WDA and ratio. Carcass numbers are strong overall and he posts a tremendous set of growth EPDs, all in the top 2% of the breed. Dam is an impressive 107 MPPA with an average WR of 110 on 5 and average YR of 107 on 5, which places her at the top of the herd.

This bull can fit just about any need you may have. He is nicely made with extra thickness, capacity and spring of rib with perfect feet and leg scores. Performance is consistent and growth continued through test resulting in a 111 ADG ratio. EPDs show birth and calving ease in the top 1/3rd of the breed while growth stays in the top 15%. Marbling and REA are in the top 8% or better.

Let's all just NOT worry about the birthweight for a bit – your mature cow herd can handle it. And because they can, this bull will give you an impressive set of calves. He posts the best ADG of all bulls on test, giving him a 119 ADG ratio. He has one of the top 5 actual yearling weights, YR, and WDA ratios. His dam has made her mark here at GMRA, with an MPPA of 108 on 6 calves, an average WR of 110, and average YR of 106. She has raised GMRA Super Duty 3262L, who sold for \$26,000 in partnership to Bar Open A Red Angus in our 2024 sale. Her 2024 bull, GMRA Power Wagon M4269, was kept here at GMRA as a herd sire. This bull shows all the same potential, with accelerated growth through yearling and high-end performance on test. Numbers tell the story with single-digit percentile growth.

This bull's dam was sold in our 2024 Big Sky Elite sale as the pick of our bred heifers. After calving, she started to lose condition and never came out of it. We let the owner pick a new bred heifer and we got the calf back to graft to a cow who had lost hers. All of that trauma didn't seem to matter as he went on to an adjusted WW of 651#, which would have given him an impressive WR. He continued to excel on bull test with a nearly 1200# adjusted YW. He carries a nice set of numbers with standout growth EPDs. To go with all of that, he features a nice, calm disposition.

The legendary Lakota cow family is backing up GMRA's #1 adjusted WW bull. The direct maternal lineage goes back to a dam with an impressive 112 MPPA. The great granddam is the dam to Make it Easy, Mountain, and Trilogly. Dam has an MMPA of 106 with an average WR of 107 on 8 and YR of 103. She is in the top 5 high production cows at GMRA. This kind of power takes you to high-performance weaning, which is an absolute win in this cattle market.

Here is a soggy, powerhouse type bull with a great phenotype. He puts all the extra where it's needed, from length and capacity to thickness. Not bad for a bull that, according to a top 10% CED and top 6% BW, qualifies as a heifer bull. Breed with confidence to the bull with the #3 BW EPD in the offering that has consistent top-end growth and a phenotype to match.

This Capital Gains son shows extra length and tons of capacity and thickness. He is easy-fleshing and has accelerated growth on through yearling. In the DDRA class he turns in the #3 actual WW and YW, adjusted YW, YR, actual ADG and ratio and actual WDA and ratio. Now that is some consistent growth! Numbers back that up with breed-leading growth in single-digit percentiles and very impressive carcass, lending to a top 7% GM.

 This bull scored well on evaluation day, starting with a perfect set of feet and leg scores. He is very square topped with a masculine front and extra thickness in the rear quarter. Extra capacity and depth of rib give him a powerful presence. His dam has an MPPA of 102 on 4 and maternal EPDs are strong with a top 1% HB, Milk, Stay, and he is tied for the 2nd best CEM in the group.

 This dam knows how to raise a powerhouse. Her MPPA of 106 ranks her in the top 3% of the GMRA herd. This bull turned in GMRA's #1 YR and WDA ratio and the #2 WR. Extreme growth and gainability proceeded on through test. And he carries himself well on a perfect set of feet and legs. Look for number standouts in every category.

Outstanding heifer bull candidate with the #2 BW EPD in the offering and a CED and CEM in the top 5% and 7%, respectively. Growth stays strong in the top 1/3rd of the breed. He carries a balanced, smooth-made phenotype with a broad top leading into extra volume and rib shape. He is clean-fronted with a wide chest floor, extra thickness in the rear quarter, and posts a perfect set of feet and leg scores.

Just look at this Super Duty son! He is an absolute powerhouse with extra length and thickness combined with abundant capacity and spring of rib. He never slowed down on growth and performed at the front of the group through test, posting an ADG ratio of 110. Profit numbers drive the bus, with an outstanding set of growth and carcass EPDs. If you are looking for a sire to add growth and performance to your mature cow herd, here he is.

Comments at evaluation: He will make one heckuva heifer bull! Look for extra capacity and a big square rear quarter. That is quite an achievement, especially starting below 60#. His young dam is already posting a 105 MPPA on 2. Numbers are impressive with the most EPDs -14 of 19 – in the top quarter of the breed of any bull on test. This well-balanced set shows calving ease, yet keeps growth in the top 24%, and highlights both maternal and carcass. There's not much he won't do. And the best part – he has a great disposition.

This bull will fit your heifer bull requirements from actual birthweight to calving ease EPDs. Growth continues through yearling, giving him an ADG ratio of 106. Carcass numbers are breed-leading, including the #2 REA in the offering, a YG tied for #2 and the #2 GM that sits in the top 1% of the breed. A nice match with top-notch maternal numbers and a top 1% ProS. Phenotype shows a broad, wide top drawing down into a ton of capacity and rib depth. For a low birthweight bull, he is an absolute tank and is running with a great set of wheels.

Extra length, capacity and thickness sit atop a perfect set of feet and legs. His young dam is following the power of the females in the pedigree, posting a 104 MPPA. The maternal power goes for generations, with MPPAs never dropping below 100 and ranging all the way up to 108. You have to go back 70 years to a 3-digit registration numbered dam born in 1956 before you find one under 100. All of that longevity builds a solid foundation that showcases a highly consistent set of EPDs with all profit drivers for growth and carcass in the top 1/3rd of the breed or higher and 2 indices in the top 8%.

This moderate birthweight bull showed accelerated growth through yearling giving him a 108 ADG ratio. He showcases extra depth and abundant spring of rib and thickness and a perfect set of scores for feet and legs. Numbers are on point, with several carcass standouts including the #1 YG and REA EPD in the offering. The cow family shows extremely consistent production with all MPPAs 100 or higher beginning with a 1993-born dam.

This bull comes from a solid producing dam who is coming 12 years old. She posts an average WR of 102 on 9 and YR of 105. She has an average BW of 75#, so this bull is a bit of an outlier for her. EPDs tie in nicely for an aged dam, with both ProS and HB in the top 1%, as well as Milk and Stay. He is a deep cherry red with extra length and volume and a great set of wheels.

Here is one of those bulls that you just can't help but appreciate. Nothing really stands out, but the more you look, the more you realize there is just nothing wrong. He is just well put together from one end to the other. His experienced dam never does anything wrong either with an MPPA of 101 on 5. The number set is sold with an overall nice set of carcass numbers, not to mention growth and indices.

This bull was grafted to a foster dam, but that never slowed him down. He posts no ratios, but his growth was explosive. GMRA stats: #1 actual and adjusted WW, #1 adjusted YW, #2 actual YW, #1 WDA and #7 ADG. Growth EPDs are breed-leading along with impressive maternal and carcass. This is a do-it-all type of bull that will bring out the best in a mature cow herd.

There is a ton of thickness and capacity, just like his sire and grandsire, Brunswick. He has a tremendous rear quarter that extends down and his capacious volume makes him look like an absolute meat wagon in a beautiful dark red hide. Numbers show a nice birth to growth spread, maternal numbers are strong, and YG and REA are in the top 4% of the breed.

In typical Patriot style, this bull is soggy made with a very straight broad top. Plenty of capacity and depth of rib combine nicely with a thick rear quarter. Performance is maintained through the maternal generations. Dam posts a 103 MPPA with an average WR of 104 on 6. The next two generations post a 104 and 107 MPPA. A GM in the top 3% lends to a powerful set of carcass numbers.

This bull really turned on the growth after hitting the feedlot and going on test. From weaning to yearling his growth ratio jumped 10 points, giving him an impressive ADG ratio of 114. He shows an ample rear quarter. There is a solid growth and carcass number set with all growth indicators in the top 1%, giving him one of the top 3 WW EPDs in the class.

This bull turned in the #1 adjusted WW and WR of 116, and the #2 actual WW. He is out of an impressive dam with a 104 MPPA and an average WR of 105 on 9. She is out of the #1 MPPA cow in the GMRA herd, posting an impressive 111 on 8 calves, with an average WR of 113 and an average YR of 111. The number set shows standouts from indices to growth, maternal and carcass. Pretty complete bull that also posted a perfect set of feet and leg scores.

Everyone wishes they could have a complete bull battery that looked like this. Clean fronted, clean sheath, straight top, excellent claw shape and foot angle. He received above average marks for length, capacity, rib depth and thickness. Just a very well put together package. His dam is impressive with an MPPA of 104 on 5 and an average WR of 106 and YR of 104. Multiple maternal generations range all the way from 101 to 109. Growth and carcass numbers are at the top of the breed with a very complimentary set of maternal EPDs.

There is a solid package here. He didn't receive ratios as his mom went lame and couldn't make the trip to the mountains. Her past calves give her an MPPA of 102 on 3 with an average WR of 103 and average YR of 104. A strong maternal lineage shows generations of MPPAs ranging all the way up to 104. Numbers are strong with all indices and carcass staying in the top 1/3rd of the breed or higher, while milk and growth numbers are in the single-digit percentiles.

For hitting the ground at 60# this bull certainly has a power look. He features a masculine front with a wide, solid chest floor that leads back to extra capacity and length.

REDS RISING

Escalate Your Prosperity

Red Angus boosts profitability with docile temperaments, environmental resilience, premium carcass quality and exceptional maternal traits. Registrations have surged by 24% over the past decade, underscoring Red Angus' significance across all segments of the beef industry.

Scan the QR code for real rancher stories about the rising power of Red Angus.
