This bull's dam was sold in our 2024 Big Sky Elite sale as the pick of our bred heifers. After calving, she started to lose condition and never came out of it. We let the owner pick a new bred heifer and we got the calf back to graft to a cow who had lost hers. All of that trauma didn't seem to matter as he went on to an adjusted WW of 651#, which would have given him an impressive WR. He continued to excel on bull test with a nearly 1200# adjusted YW. He carries a nice set of numbers with standout growth EPDs. To go with all of that, he features a nice, calm disposition.
