Delivery Arrangements & Pricing

Trucking is organized by members of the Big Sky Elite team to ensure the most efficient delivery of your new purchases. All buyers averaging $4500 or more on their purchases will receive free trucking to central points in OR, SD, OK, and IA. If your purchases do not meet the criteria for free trucking, you can still buy with confidence as trucking fees are pre-determined with no surprises! Delivery is to central points by arrangement. Pricing to these central points will be charged to you, determined by your physical address, on a per-head basis.

CATTLE SELL IN CATALOG ORDER

View video of all sale lots at:
www.dvauction.com or www.bigskyelitesale.com

Catalog and Advertising by Cow Camp Promotions

View video of all sale lots at www.dvauction.com or at www.bigskyelitesale.com.

TERMS AND CONDITIONS

1. The terms of the sale are cash. USDA P&S requires payment be made within 4 days of purchase.
2. Each animal will be sold to the highest bidder. The person in charge will settle any disputes as to bids, and his decision on such matters shall be final.
3. Any announcement from the seller on sale day will take precedence over printed material.
4. Health certificates will be furnished for shipment anywhere in the United States.
5. Each animal becomes buyer's risk as soon as sold; but it shall be the obligation of the seller to see that animals are fed and cared for, free of charge to purchaser, until loaded for shipment or until the expiration of December 20th of the current year.
6. All claims for adjustment for bred females must be made before May 1st of the following year. All claims for adjustment for heifer calves must be made by September 1st of the following year.
7. Everyone attending this sale does so at their own risk. Owners, clerks or other helpers do not assume responsibility, legal or otherwise, for damages of any kind.
8. Trucking by arrangement. Free on $4500+ invoice average to pick up locations in Madras, OR, Canton, OK, Douds, AI, Aberdeen, SD.
9. The above terms and conditions shall constitute a contract between the buyer and seller of each animal sold.

These cattle do sell in accordance with the Sale Terms and Conditions set forth by the Red Angus Association of America.

Chuck and Carol Feddes Family

Welcome to the 2026 Big Sky Elite Auction

The Big Sky Elite Auction brings together four of the most exciting Red Angus herds in North America. These four operations have placed 28 herd bulls into stud bull line ups thus far. From the elite genetics offered at the start of this auction to the last lots in the lineup, these Red Angus females will prove to be exceptional cows in the herds they land.

Featured in the 2026 Big Sky Elite are 76 tremendous heifers bred to some of the industry's leading Red Angus herd bulls. Whether you invest in these young breed-leading heifers, the highly productive three-year-olds, or proven mature cows, the opportunity exists to crank out one of the breed's next superstars.

Not only are the members of the Big Sky Elite top cattlemen and women, they have also served as officers, directors, and board members on the Red Angus Association of America. They are dedicated to your success and stand behind their cattle.

The 2026 beef industry has thrown a lot at us — from record cattle prices and Trump announcing beef imports to packing plant closures and high fuel costs, producers everywhere have had to navigate an ever-changing landscape. However, I think we all need to focus on what we can control – our own operations and the decisions we make in building and maintaining our cattle herds. The fact of the matter is the U.S. beef herd is the smallest it has been since the 1950s. In my travels, I see aging cows with very little heifer retention. I truly believe now is the time to invest in top Red Angus genetics to build your future herd.

I will be in Three Forks Montana starting November 30th going through the offering, if I can be of any assistance in helping with your selections, don't hesitate to give me a call.

If you cannot make it to the auction, please feel free to call me, Heather, our buyer reps or the Big Sky breeders for representation of the cattle. You can also bid online through DVAuction and set the bid price at your own comfort level. If we can assist you or answer any questions, we're only a phone call, text, or email away.

Best Regards,

Kyle Gilchrist

Bred to: **C-T JUMPSTART 4182 (#4968732)** Due Date: **3/20/27**

Opportunities like these don't come along every day. C-T Linsey 8119 has been an elite donor for the C-T program. She is the dam of the breed-influencing herd bull C-T Reputation 0094, who was the high selling bull in the Feddes/C-T Red Angus Bull Sale in 2021 to Overmiller Red Angus and Noibrara Red Angus. Now he is currently leased to Beef 360 and was in the top 6 of Red Angus bulls used in the Red Angus breed in 2025. She has left us some beautiful females including some top producers in our herd. She has incredible growth EPDs being in the top 2% WW, 4% YW. 8119 has loads of volume and muscle with a solid foot and udder set, earning a 102 MPPA. She has correct teat size and placement along with a beautiful cherry red color. She has been a consistent flush cow and has had good luck with embryo conception. Her dam, C-T Linsey 0964 was one of our top donor cows and the apple didn't fall far from the tree!

Green Mountain Red Angus

2 PICK OF GMRA BRED OR OPEN HEIFERS

GGP

Here is a pick right out of the Green Mountain Red Angus bred heifers or open heifer replacement pen! There are over 150 females to choose from featuring sire lines including: Checkmate, Investment, Jumpstart, King James, NasDaq, Order Buyer, Patriot, Prime Time, Revere, Solid State, Sterling, Super Duty and Tesla. This is a prime opportunity to wade into GMRA's top-end genetics with powerful performance and breed leading traits. Don't miss the chance to have complete control in purchasing a foundation female! A full listing of females and their pertinent data is available to review at www.gmracattle.com or www.bigskyelitesale.com. Feel free to contact us prior to the sale if you have any questions or would like any additional information.

Bred to: **DKK JUMPSTART 5187 (#5077619)**
DKK NEXT LEVEL 5113 (#5077683) Due Date: **3/28/27**

We hold pretty tightly to both our Ramblin Ruby cow family members and our DKK Montana's Domain 9142 daughters. In fact, this will be the only female offered this year from either side! This quiet-natured beauty exemplifies the direction of our program. Coming four years old and already boasting a 103 MPPA on two calves, she has proven herself early! We practically had to pry her out of Dave's hands to offer her as our Elite Pick, reminding him that we still have her dam, along with her stunning 2025-born heifer by DKK Revival 3018. Maternal desire, extra capacity, elegant structure, fantastic feet, a beautiful udder, and an exceptional disposition. Everything we strive for in our mama cows! We will cover the cost of DNA testing to determine the resulting calf's sire.

Feddes Red Angus

COMMERCIAL RED ANGUS BRED HEIFERS

These commercial heifers come right from our program, they were handled just like all the replacement heifers and registered sale heifers. They are AI'd to Amsterdam, Cadillac, Payday and Declare, the same sires our registered females are bred to. These heifers should be weighing 1050lbs. by sale day.

5 COMMERCIAL RED ANGUS HEIFERS

Bred to: **AMSTERDAM, CADILLAC, PAYDAY, DECLARE** Due Date: **1/13/27**

3 COMMERCIAL RED ANGUS HEIFERS

Bred to: **AMSTERDAM, CADILLAC, PAYDAY, DECLARE** Due Date: **2/6/27**

Bred to: **FEDDES CADILLAC 270-5227 (#5115859)** Due Date: **2/1/27**

This elite heifer is not only powerful but really easy on the eyes. She combines two of our very best cows and cow lines: Sleek 806 and Blockana E90. Both of these cows have been flushed, 806 until she was 16 years old. E90 also sells in this sale. You will also find Red Rock and Big Sky a couple of generations back in her pedigree. If you are looking for a female with outstanding performance and carcass, don't miss out on her. She does all this with a gorgeous profile and only a 76 lb. actual birth weight.

Bred to: **PIE CADILLAC 3289 (#4865308)** Due Date: **1/23/27**

A beautiful Harmony bred heifer with plenty of style and that true mama cow look! She comes from a powerful line of females known for their added volume, exceptional feet, and outstanding udder quality all the qualities that make a standout brood cow. Our Harmony cow family has consistently impressed us with the quality they produce.

Bred to: **BLL PLAYBOY 59N (#5164721)** Due Date: **2/14/27**

This Dandy female certainly lives up to her name! She combines exceptional depth of rib with added length of body, all wrapped up in a correct, attractive design. Top that off with a fantastic disposition, and you have the kind of female we love to raise! Bred to our exciting new herd sire, BLL Playboy 59N, a highly maternal, structurally exquisite, cherry-red standout! Expected to deliver on Valentine's Day a very special package that will be!

Bred to: **CRS DIAMND LEVEL BEST 4453 (#5060423)** Due Date: **2/20/27**

Here's a complete package with a beautiful phenotype. Personal performance shows a 62# BW with a 103 WR and 102 YR. Her dam has an MPPA of 103 and you have to go back 35 years to find an MPPA in the direct lineage under 100. There is a nice birth to growth spread with all related EPDs in the top quarter of the breed. Level Best moves the expected calves' EPDs to all in the top 55% or higher, with all but 3 in the top 50%.

A very nice heifer with extra length out of one of the top selling bulls in our 2024 sale that we used AI. Extra length, a feminine front end and should have a gorgeous udder. This was a hard female to choose to sell. We really like her. She has a very balanced EPD profile with 10 traits in the top 35% of the breed. AI bred to Payday is a very exciting mating. Payday is quickly becoming a breed leader in calving ease and growth.

HRP STONEWALL 5130N (#5113507)

A smaller framed heifer with tons of middle and a gorgeous front end. Payday tends to add extra frame, and we think this mating could be really good on this heifer. She goes back to the famous Marigold cow family. Her mother was one of our picks out of the C-T herd in this very sale. The Marigold cow family boasts beautiful udders, great feet, extra femininity and extra maternal traits.

Here is a descendant of the great Estonia cow family. A straight broad top leads into tremendous spring of rib. Performance is on the docket for the maternal lineage. Generations go back over 50 years before you find an MPPA under 100. The number set is as solid as it gets with all indices, maternal and growth in the top 1/3rd of the breed or higher.

Bred to: **CRS DIAMND LEVEL BEST 4453 (#5060423)** Due Date: **2/23/27**

The Ophelia cow family has always made an impact at GMRA. Phenotype is all there with a bold stride. This gal carries a strong set of carcass numbers while the sire to the calf in utero will bring calving ease and birth to the top quarter of the breed and HPG to the top 1/3rd. ProS and HB both move 30 percentile points in the right direction.

This gal's pedigree reads like a who's who. Everywhere you look are top-end female producers highlighted by high-performance sires. This is evidenced by her personal performance ratios. She held the #1 WR of 119 and posted a YR of 116. She is hitting her stride, with this year's bull calf turning in a 111 WR. ProS and HB stay in the top 10% of the breed while growth and REA are in single digits.

Bred to: **VGW LEADER 558 (#5103601)** Due Date: **3/25/27**

This Stockmarket daughter posts solid production with an MPPA of 101 and you have to go back over 50 years in the direct maternal lineage to find an MPPA under 100. Look for a solid set of numbers with all indices in the top 20% and standouts in all categories. She achieves curve-bender status with single-digit percentile BW and CE while growth stays in the top 1/3rd.

Bred to: **GMRA POWER WAGON M4269 (#4945446)** Due Date: **4/2/27**

Here is a Patriot daughter with a lot of potential. She posts an MPPA of 106 with her first calf taking a 66# BW to a WR of 110. This year's heifer calf was well on her way when she was struck and killed by lightning in July. You will have to look hard to find a more complete set of numbers. An impressive 17 are in the top 30% of the breed. This dam has a bright future ahead.

Bred to: **VGW LEADER 558 (#5103601)** Due Date: **4/22/27**

If you are looking for the increasingly rare Trilogy pedigree you are in luck. This girl's dam is a high-production Tesla daughter with an MPPA of 105. 3019L was her impressive first calf, taking a 68# BW to a 111 WR. Look for a strong number set with all but 4 in the top half of the breed, including single-digit percentile ProS and GM. Growth and carcass drive the bus while birthweight and CE stay in the top half of the breed.

Here's an opportunity to take home a coveted Brunswick daughter with a pedigree stacked full of high-end female makers, from Redemption to Cheyenne, Hobo and Rambler. A brood cow phenotype shows extra length and depth, with ample muscling. She turns in a 103 MPPA on 4, with an average WR of 105 and YR of 103, while posting below average birthweights. An impressive number set shows calving ease leading into high-end Milk and Stay, while carcass profit drivers are at the top of the breed.

E90 is a medium frame Red Rock daughter from the great Blockana line. Her dam, 863 was a donor cow by Big Sky R9, and her dam was 4225 (a HOBO 1961 daughter) that was a foundation female for much of our Blockana cow family. The next generation back is our first Blockana 502-5185 that started the cow line at Feddes Red Angus in 1993. E90 has been flushed several times and has a bright future ahead of her. She boasts average BR 99 and WR 102 on 8 natural calves, along with a very balanced set of EPDs. A granddaughter, 582 (Lot 7), is our feature in this sale.

Here's a proven mating out of one of the most famous cows in the breed, MS Stony A302 and Quarterback 789. This cow resembles her mother immensely. She has an extra clean front end, depth of rib and beautiful leg structure. Phenotypically she is a gorgeous cow and one of the best we are offering this year. Bred to our new herd sire, Stonewall 5130N that we purchased this spring from Hansine Ranch with Select Sires. We are very excited to get these calves on the ground and should be an outstanding mating on 3310.

Bred to: **RDR ENDEAVOR 323L (#4756753)** Due Date: **4/25/27**

This impressive female is knocking it out of the park, both on paper and in person! Boasting 11 EPDs in the top 10% of the breed, including growth traits ranking in the top 1%, she combines exceptional performance with structural elegance. Add a 102 MPPA on four calves and a 367-day calving interval, and you've got a proven producer! Carrying the prestigious Impress cow family name, she certainly lives up to our motto: "Expect to Be Impressed!" We will most definitely be retaining her gorgeous 2026 heifer calf. Don't miss this opportunity to own a truly standout beauty!

Bred to: **HRP RAIDER 2020K (#4623663)** Due Date: **4/14/27**

Elegance at its finest! This beautiful young lady joined our program through the NILE Prestigious Red Angus Sale, and what a treasure she has been! Offering an outcross pedigree for most operations, she combines exceptional length of body with near-perfect feet. Just imagine the possibilities of the baby she's carrying by HRP Raider 2020K! This is one exciting maternal package.

Our NCRA Rolling Thunder daughters are nothing short of lovely! Excellent mothers, fantastic feet, beautiful udders, and dispositions that are second to none. This productive young lady is already posting a 101 MPPA on just two calves! Expect her to consistently bring home those extra-soggy, eye-appealing calves each fall. The kind of hardworking mama cow we love!

Bred to: **BIEBER NASDAQ K402 (#4661949)** Due Date: **4/8/27**

This Energize daughter has done extremely well at GMRA. She has never posted a WR or YR under 100, with all progeny being retained. Her MPPA sits at 102 followed by a dam and granddam posting 103's. Indices are all in the top 1/3rd of the breed or higher. Birth and maternal are top-notch, while maintaining a strong growth profile. She is extremely straight-topped with extra length.

211 started with a 95 BR and WR 107, and YR 109. She's produced two bulls that went through our bull sale to long-time customer/friends. Her 2026 heifer calf weaned on October 21, as one of the heavier heifer calves. The heifer calves weaning data is not in Reds Pro yet, so some of the cow data could change a little bit. 211's MPPA is currently 99 but should go up a bit by sale time. She's carrying a heifer calf.

Bred to: **BIEBER NASDAQ K402 (#4661949)** Due Date: **3/15/27**

This young Lakota dam is starting off her career with a 104 MPPA. She raised an impressive Order Buyer bull calf, taking a 55# BW to an impressive 111 WR. The direct maternal pedigree is full of performance with MPPAs ranging all the way from 101 up to 112 for over 40 years. There is a ton of potential here with an incredible 9 EPDs in the top 10% of the breed or higher, with growth and carcass profit drivers leading the way.

This Estonia dam is a great phenotypic combination of Patriot x Domain. She took her first calf from a 62# BW to a 107 WR, following in the footsteps of a dam with a 107 MPPA. The number set is outstanding with all but 3 in the top 37% of the breed or higher. Nothing is missing, with all indices in the top 5%, all carcass ranging from the top 7-37%, single-digit percentile maternal standouts and impressive growth. She makes it easy to breed.

Patriot daughters always float to the top, and this girl is no exception. Her first calf was a 64# Jumpstart bull that weaned off at 110, giving her a 104 MPPA. Phenotype and genotype are all there. She is smooth-made, carrying ample flesh for a 3-year-old that weaned off a high-end bull. All carcass sits in the top 1/3rd of the breed or higher leading to a top 2% GM. There are standouts in all EPD categories that culminate in a top 5% ProS.

Bred to: **VGW LEADER 558 (#5103601)** Due Date: **4/27/27**

This Foreman daughter hit the ground at 58# and turned in above average growth ratios of 102 and 104. Calving ease sets the pace with all birth numbers in the top 33% or higher. Keep looking – growth stays in the top 1/3rd also. But wait... carcass keeps ERT's of Marbling, YG and REA there as well. What an overall impressive package with only 3 numbers that fall out of the top 44% of the breed.

Here is one of our very favorite coming 3-year-olds in the sale. Extra depth, capacity and rib shape with a very nice front end. She stands on a very correct set of feet and legs and strides out very nice. This heifer carries more power in her build and phenotype and top 10% WW, 11% YW and 18% Marbling traits. Her dam is one of our favorite cows on the ranch. She puts it all together into a very good package and passes it on to her calves. Her maternal sister sold to Tyler Cox for $12,500 off the cow and has become a donor for them. This heifer also has a very sweet temperament. This heifer would not be on the sale list if she fit our calving window.

Bred to: **FEDDES EIGHTBALL E31-3292 (#4787504)** Due Date: **1/22/27**
C-T WINCHESTER 3123 (#4799746)

One of our top Playmaker daughters in the herd from one of our top Resource 137E daughters that stems back to a top donor cow from C-T. Her granddam, Verdale 5011 has been a mainstay donor in the C-T herd and it's not hard to see why. The phenotype on this heifer is outstanding from every angle. She has a gorgeous udder and great feet with extra rib and capacity. She boasts traits of 28% ProS, 20% GM, 15% WW, 13% YW, 19% Marb, 17% CW and 16% REA. We think this female has a very bright future ahead of her.

C-T WINCHESTER 3123 (#4799746)

4051 is an extremely well put together daughter of C-T Seneca 1012, a standout and high seller in 2022. A more moderate cow with extra depth and capacity. We like her clean front end and extra hip. She has a very nice udder and comes from the great Firefly cow family that is known for their maternal traits and longevity.

Here's a GOLDEN OPPORTUNITY to own a truly fantastic female! Her dam is exactly my kind of cow, and this young lady is following right in her footsteps. Outstanding maternal qualities, excellent structure, beautiful udder, fantastic feet, and a disposition to match! Our Raider 2020K daughters have been an absolute pleasure to calve this past year, and we couldn't be more impressed. DKK Impress 4192 just barely missed our calving-window cutoff, making her our loss and YOUR gain! Don't let this one get away!

Oh my, another GOLDEN OPPORTUNITY and this one might be even better than the last! We absolutely love our Raider 2020K females. After calving our first daughters this past year, we couldn't be more pleased with their maternal instincts, excellent feet, beautiful udders, structural correctness, and wonderful dispositions. This young lady is already claiming a 103 MPPA on her very first calf! We're certainly thankful to be retaining a replacement heifer from her. Regardless of which sire she's bred to, expect a fantastic baby! We will cover the cost of DNA testing to determine the resulting calf's sire.

Bred to: **VGW LEADER 558 (#5103601)** Due Date: **5/8/27**

This gal didn't get a chance to raise her own calf this year, but she gladly took a graft from an older cow who was stifled and took it to a 650# WW. Just think what her future holds! She is smooth-made and came out of the summer carrying ample flesh after weaning a top-end heifer. A strong set of indices are all in the top 26% of the breed or higher with a supporting cast of 7 more that are in the top 15%.

This Stockmarket daughter strides out well. There is a highly performance-minded maternal line in this pedigree. Consistency is key with 9 direct generations turning in MPPAs from 100-103. This year's calf was a 71# Tesla that posted a 102 WR. ERTs show single-digit percentile growth and a top 5% Marbling EPD.

The Foreman daughters never disappoint. The first crop hit the ground in 2022. Since that time 2 Foreman daughters have been chosen as the GMRA Elite Pick offered at BSE. We threw this gal some old school breeding and she weaned a 75# Tesla heifer at 102. A beautiful feminine head leads to a super-straight top and she has a purposeful stride. with a Growth numbers drive the bus with single-digit percentile WW, YW, ADG and CW.

Simply GORGEOUS! An exceptional balance of traits, beautiful design, and an outcross pedigree that brings an entirely new level of goodness to the table! One of only two CK Thor SX 2071 daughters in this offering, and I simply cannot say enough good things about these females. We calved his first daughters this year, and WOW are we impressed! In fact, another Thor SX 2071 daughter topped our sale offering at the 2026 NILE! This is a maternal opportunity worth serious consideration. We will cover the cost of DNA testing on the resulting calf to determine its sire.

Here's your ONLY opportunity to own a DKK Revival 3018 daughter from our program this year! A paternal sister has been generating a tremendous amount of interest at the Bet On Red Sale, and while we're writing these footnotes before sale day, I'm betting she'll bring BIG BUCKS! This young lady certainly deserves your attention. Beautiful structure, an impressive EPD profile, and a pedigree that's second to none! She traces back to the great DKK Impress 1004, the influential cow behind both our 2026 NILE bred heifer and our 2026 NILE heifer calf. With maternal heritage like that, DKK Impress 5013 has MAMA COW POTENTIAL written all over her! Don't let this one slip by without a serious second look!

Bred to: **CRS DIAMND LEVEL BEST 4453 (#5060423)** Due Date: **3/18/27**

Here is a tremendous opportunity to bring in a complete package from phenotype to genotype. There is a maternal pedigree full of experienced dams with MPPAs ranging up to 105 and never dropping below 100 for over 50 years. The numbers are impressive with a nice birth to growth spread and single-digit EPD percentiles throughout. The calf on board will complement numbers and move HPG from the top 62% to 10%.

Bred to: **CRS DIAMND LEVEL BEST 4453 (#5060423)** Due Date: **3/16/27**

This King James daughter has the classic Brunswick look with tremendous capacity and depth of rib. She took a 76# BW to a WR of 104. The strength of the Ophelia cow family showcases generations of performance, culminating in MPPAs as high as 108. Expected calf EPDs move extra numbers into the top 1/3rd of the breed with a total of 9 hitting that mark.

Bred to: **CRS DIAMND LEVEL BEST 4453 (#5060423)** Due Date: **3/7/27**

Outstanding personal gain through weaning gives this heifer a WR of 109. She is out of a dam with an MPPA of 106. Look for Level Best to complement birth and calving ease while maintaining strong growth. All indices and maternal numbers are elevated into the top 1/3rd of the breed. A straight top blends down into a smooth muscle pattern with extra capacity.

524 is a Cadillac from one of my very favorite cows to ever walk this ranch. 0100 is a deep-ribbed, soft made cow with a great udder and feet. We have turned down many offers to buy her, every visitor finds her. 524 is extremely balanced on her EPD profile – no big extremes. She has 14 traits in the top 30% of the breed. Believe me, she would not be leaving if she was bred earlier. I think she has a great future ahead of her.

What a set of numbers! What a HEIFER! Here's your only opportunity to own a Next Level 3014 daughter from our program this year. This extra-fancy Dazzle cow family female is backed by an outstanding dam posting a 107 MPPA and without a doubt, one of Dave's all-time favorites! When you combine that kind of maternal foundation with her impressive genetic profile and eye appeal, you've got something truly special. Be sure to find this one on sale day!

I'm not sure how she is not in the front of the sale. Look at the phenotype in this heifer. You'd be hard pressed to find a female with more depth, spring of rib and capacity than her. She stands on great feet and should have a phenomenal udder. The cow lines behind this heifer tell the story. Her dam is a Drifter out of Blockana on the top and Bonne Bel on the top. Her great granddam is none other than Blockana 8121, the dam of Montana X44. This is one of our favorite bred heifers this year. We always choose to sell one of our top bred heifers every year. This heifer as much potential as any in the sale. Don't miss her because she is later in the sale.

FEDDES COMPLETE 806-5286 (#5115743)

5507 is a Lakota bred heifer that we think very highly of. Her dam was our pick of the cows in the Jacobson Red Angus dispersal and proved to be a great purchase. She raised 10 natural calves with a calving interval of 365 days and a 101 MPPA. We expect nothing different from this heifer. Coming from the high selling Drifter son that is owned with ABS. We believe Eastwoods legacy will be his daughters. This heifer packs extra maternal, growth and carcass which would all be expected from Lakota and a Drifter son.

599 is a 9355 daughter. We only have a few 9355 daughters, but they are really working well for us. She comes from the Lakina cow family who is also a Big Sky daughter. She's carrying a bull calf by Feddes Cadillac 270-5227.

RED ANGUS GUIDE TO EPDS

RedAngus.org

ProS – Profitability and Sustainability is an all-purpose index that predicts average economic differences in all segments in the beef supply chain. This index is a combination of the breeding objectives modeled in the HerdBuilder and GridMaster selection indexes. In this index, replacement heifers are retained from within the herd and all remaining progeny are fed out to slaughter and sold on a quality-based grid. Traits included in this index include CED, ADG, HPG, STAY, MW, DMI, CW, MARB, REA and Fat. **Index | Dollars per Head | Higher Value**

HB – HerdBuilder is a maternal selection index that predicts the economic differences of animals for traits that are important from conception through weaning. HB is calculated based on the scenario that bulls are mated to heifers and cows, replacement heifers are retained and all remaining progeny are marketed at weaning. This index is a combination of CED, CEM, WW, Milk, MW, HPG and STAY.
Index | Dollars per Head | Higher Value

GM – GridMaster is a selection index that predicts the average economic difference of non-replacement calves through the post-weaning phase of production. GM places selection pressure on growth, feed yard performance and carcass traits. GM is calculated based on the scenario that progeny are fed out to slaughter and marketed on a quality-based carcass grid. This index is a combination of ADG, CW, DMI, MARB, Fat and REA. **Index | Dollars per Head | Higher Value**

CED – Calving Ease Direct predicts differences in the percent of calves born unassisted out of 2-year-old dams. **Percent | Higher Value**

BW – Birth Weight predicts differences in actual birth weight of progeny. **Pounds | Lower Value**

WW – Weaning Weight predicts differences in 205-day weaning weight. **Pounds | Higher Value**

YW – Yearling Weight predicts differences in 365-day yearling weight. **Pounds | Higher Value**

ADG – Average Daily Gain predicts differences in weight gain between 205 and 365 days of age. **Pounds | Higher Value**

DMI – Dry Matter Intake predicts differences in daily feed intake as measured in a feedlot during the post-weaning period. **Pounds | Lower Value**

MILK – Milk predicts differences in weaning weight attributed to the milking ability of the animal's daughters. **Pounds | Higher Value**

ME – Maintenance Energy predicts the difference in maintence energy requirements. **Mcals per Month | Lower Value**

HPG – Heifer Pregnancy predicts differences in the percent of daughters who are able to conceive and calve at 2 years of age following exposure to breeding. **Percent | Higher Value**

CEM – Calving Ease Maternal predicts differences in the percent of daughters who are able to calve unassisted as 2-year-old heifers. **Percent | Higher Value**

STAY – Stayability predicts differences in the ability of an animals' retained daughters to remain productive in the herd – calve every year – through 6 years of age. **Percent | Higher Value**

MARB – Marbling predicts differences in marbling score – amount of intramuscular fat measured at the 13th rib. **Marbling Score Units | Higher Value**

YG – Yield Grade predicts differences in USDA Yield Grade, which is calculated using CW, REA and Fat. **Yield Grade Units | Lower Value**

CW – Carcass Weight predicts differences in actual hot carcass weight. **Pounds | Higher Value**

REA – Ribeye Area predicts differences in square inches of ribeye area measured at the 13th rib. **Square Inches | Higher Value**

FAT – Fat predicts differences in the depth of backfat measured between the 12th and 13th ribs. **Inches | Lower Value**

REDS RISING

Escalate Your Prosperity

Red Angus boosts profitability with docile temperaments, environmental resilience, premium carcass quality and exceptional maternal traits. Registrations have surged by 24% over the past decade, underscoring Red Angus' significance across all segments of the beef industry.
